**AquaSafety**

# Fire safety

AquaSafety is specialised in the supply, maintenance, and inspection of all types of fire extinguishers. We also provide fire safety and firefighting training.

Your fire safety equipment is in good hands with us. We service a variety of industries, including the pleasure cruising sector, commercial shipping, the transport industry, the offshore industry, SMEs, hospitality, and the private sector.

No matter the size of your organisation, our specialists can offer you expert advice on all aspects of fire safety. Our extensive knowledge and experience means that you can count on thorough, independent advice regarding the fire safety of your company. We can also provide a tailored safety plan.

## Why AquaSafety?

- Over ten years of experience in fire safety
- We are certified according to the KIWA, ISO9001, VCA, OLF, OPITO, NCP, and NOGPA standards
- We work objectively and independently
- We value a long-term business relationship with you

## Maintenance & inspection

Proper maintenance of fire extinguishers is essential to the fire safety of your company. That is why you should trust our certified service technicians with the maintenance of your fire extinguishers. They service all kinds of fire extinguishers on a daily basis. They are regularly trained and schooled according to the REOB (Accreditation Scheme for Maintenance Companies for Small Fire Extinguishers).

## Security through custom solutions

Because of our frequent inspections, our service technicians are fully familiar with the fire safety of your company. That long-term business relationship also means additional security for you.

## Fire safety equipment

We supply and inspect all types of fire safety equipment, including:

- Fire extinguishers
- Marine brackets
- Fire extinguisher cabinets
- Service and filling stations
- High-pressure hose reels
- Reel cabinets
- Fire escape ladders
- Smoke detectors
- Gas detection equipment
- Carbon monoxide detectors
- Fire & Safety plan
- Pictograms
- Emergency lighting

## Education & training

AquaSafety is specialised in providing safety training. We also offer courses on fire safety. We train your employees to handle fire extinguishers safely. We also offer First Aid, ERO, SCC, and AED training. This makes AquaSafety your total supplier for all safety training. Because your safety is our passion!
