AquaSafety

Offshore

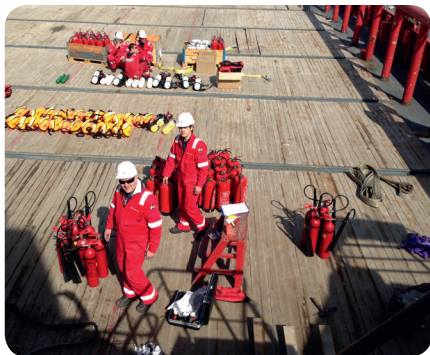

With more than ten years of experience at the heart of the offshore industry, AquaSafety is a trusted supplier for everything related to offshore safety. Would you like to learn more about our products and services? We are at your service!

Custom solutions are extremely valuable in offshore safety. The dynamics in every situation are unique, and there is no safety blueprint. AquaSafety is specialised in providing custom solutions. Our advice is consistently focused on your specific situation.

Work Ribs

AquaSafety is an official agent for Work Ribs Holland, a manufacturer of strong, ready-to-use, custom Ribs of exceptionally high quality. By using high-quality materials in combination with a clever design, these Work Ribs are unique in the market. The affordable SOLAS/MED approved Fast Rescue Boats excel in low maintenance costs and a long service life.

- Custom built ribs
- Standard ribs

Why AquaSafety?

- Over ten years of experience in the offshore industry
- Total supplier of offshore equipment, safety equipment, inspection, certification, maintenance, advice, education, and training.

Offshore fall protection

Your offshore fall protection equipment must meet strict quality requirements. AquaSafety can install, inspect and certify both your fall protection and your rope access. We perform the following actions during inspections:

- Visual inspection according to the manufacturer's guidelines
- Inspection of the safety aspects
- Inspection of the comfort aspects
- Inspection of the functionality of the equipment

Offshore lifting & hoisting

AquaSafety is a trusted supplier for all offshore lifting and hoisting equipment. We can inspect, certify, and maintain all your lifting and hoisting equipment, including:

- Davit, MOB
- Lifting equipment
- Subsea hoists
- ROV Shackles

Offshore safety equipment

The inspection of your fire safety, safety, and survival equipment is in good hands with us. We supply, inspect, and certify all types of this equipment, including:

- Fire extinguishers
- Fixed fire suppression systems
- Fire hoses
- Firefighting equipment
- Immersion suits
- Inflatable life rafts
- Inflatable and non-inflatable PFDs
- First Aid kits and medical equipment
- Breathing apparatus
- MOB and Rescue boats (FRB)
- Inboard and outboard engines
- EEBDs
- Emergency exit indicators
- Fall protection

Education & training

AquaSafety is specialised in providing safety training. We also provide training courses for the offshore industry, including the important safety training. This officially approved training is mandatory for all employees aboard a seafaring vessel or drilling rig. We also offer First Aid, ERO, SCC, and AED training. This makes AquaSafety your total supplier for all safety training.
